provides a quick tool change solution

– Designed for minimum downtime and with few service parts to reduce operation cost and improve overall lifetime of the attachment

Leopold Street Lamberhead Industrial Estate Pemberton Wigan WN5 8DH

Bobcat® Breakers produce low recoil and minimal hydraulic pressure spikes to their carriers.

– Breakers can be mounted on your excavator with various systems: directly to the arm pin, with the hydraulic quick coupler or with either of the two mechanical couplers – Klac and Lehnhoff systems
